DE Sicherheitshinweise – Pump Action Spannsystem

Das AR-Series Pump Action System ist für die Verwendung auf allen AR-Series Armbrüsten freigegeben, mit Ausnahme der PD-5:

Achten sie bei der Benutzung des Produkts auf die Gefahrenhinweise der jeweiligen AR-Series Armbrust mit dem das Produkt benutzt wird.

Die Montage des Pump Action System ändert nicht die mit der Armbrust verbundenen Gefahren- oder Sicherheitshinweise.

Achten Sie bei der Verwendung des Pump Action Systems darauf, dass sie den Spannhebel wieder in der vorderen Position haben, bevor sie die Armbrust abfeuern.

EN Safety Information – Pump Action Cocking System

The AR-Series Pump Action System is approved for use with all AR-Series crossbows, except the PD-5.

Please refer to the safety warnings of the respective AR-Series crossbow used with this product.

Installing the Pump Action System does not change the hazards or safety warnings associated with the crossbow.

When using the Pump Action System, make sure that the cocking lever is returned to the forward position before firing the crossbow.

FR Consignes de sécurité – Système à pompe

Le système à pompe de la série AR est autorisé pour toutes les arbalètes de la série AR, sauf la PD-5.

Veuillez consulter les avertissements de sécurité de l'arbalète de la série AR utilisée avec ce produit.

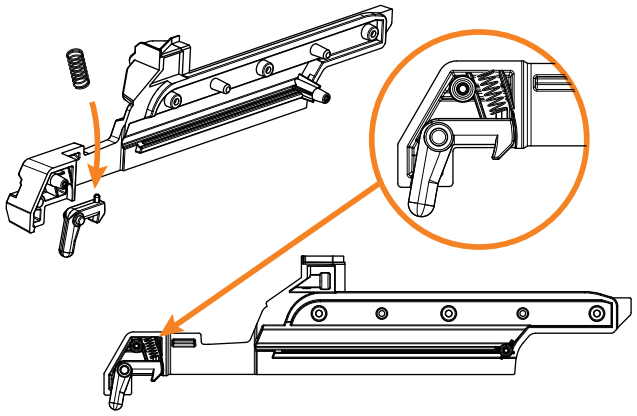

L'installation du système à pompe ne modifie pas les dangers ni les avertissements de sécurité associés à l'arbalète.

Lors de l'utilisation du système à pompe, assurez-vous que le levier d'armement est revenu en position avant avant de tirer avec l'arbalète.
